Tax Pact Reached With Five Railroads

Based On 32% Cut On
Valuations; Trial To
Be Held For One Road

Agreements have been reached with five of 13 railroad companies operating in Madison county on tax objections for the years 1959 and 1960 based on assessed valuation, Burton Bernard, assistant state's attorney, told the county board of supervisors yesterday at Edwardsville.

The five railroads, including the largest operating in the county, agreed to a 32% cut on their assessments, Bernard said, but one of them did not settle for less than 40%, and plans are being made to take the case to trial. He did not name the railroads involved.

He said the particular railroad had reached agreement with other counties on the basis of 40% providing that it would not settle with any other county on any other basis without giving the other counties a refund.

Bernard asked authorization to spend up to \$2500 as litigation expense for the trial. "We need some expert advice on what is feasible by way of making evidence. We need an expert appraisal firm to study the situation and advise what is to be done. Then we would have to recommend a course of action."

It is the position of the railroads, Bernard said, that the state has assessed their property at 100% of fair value, while other property in the county was assessed locally at 50%.

The board referred the request to its finance committee with authority to act before the next meeting on April 29.

Bernard said negotiations are continuing with other railroads, and attempts to settle with the railroads are being made. He noted that the greatest amount of taxes involve assessments by the county treasurer pending settlement. The amount of railroad objections is about \$5,000,000 in taxes.

Report On Courts

At the opening of the meeting, Chief Judge James O. Monroe Jr. reported on the development of the new judicial system in the county.

This new system is going to work, and work magnificently," he said. "I am not saying this with prediction." The only reasons it would not work, he added, would be those who will not observe or those who want special privilege.

He said the new court was hampered from the start by the resignation of former Judge John Hartman who left 234 cases pending. These are being docketed 100 at a time by Associate Judge Fred Schuchman.

Man Without Country Seeks To Live Here

Return To Turkey
Could Jeopardize
Health Of His Wife

A man without a country—whose wife's health may depend on whether he can gain permanent entry into the United States.

This is the outlook facing Antonio Tito, 27, and his wife, Kay, 21, residents of Istanbul, Turkey, who have been here nearly two years visiting Mr. Tito's uncle and aunt, Rev. and Mrs. Kiril Antonoff, 3128 Carlisle avenue.

Their only hope of remaining here is by becoming citizens, which hinges on special legislation being enacted by Congress. Many Quakers have been determined to write to Rep. Melvin Price and Senators Everett Dirksen and Paul Douglas, asking that such a law be passed.

The Titos were born in Turkey, but he was the son of Italian parents and never can gain full Turkish citizenship rights. Fewer jobs are open to him there as a consequence.

A further complication is that he is a Christian, a predominantly Mohammedan nation. Their principal worry is the health of his wife, who suffers from a rare ailment affecting her hip bone. She is under treatment in St. Louis, and he believes it will be unable to duplicate such medical care in Turkey. The dry climate there is also regarded as a problem.

Because of their long absence and Tito's lack of full citizenship, there is a possibility that he will be unable to remain in Turkey on a regular basis once they return there. This would hamper his ability to establish a home and to earn a satisfactory living, including the cost of medical care.

He is an Italian by birth, a man without a country? Principal factor that he was and is still Italian is that he was born in Turkey to an Italian father and a Turkish mother, despite the fact that before he was born his parents had moved to Turkey to work and maintain their permanent residence. His father, a doctor, had moved to Turkey to work and maintain their permanent residence.

Madison County Proves It Is Not Depressed Area

Madison county is not a depressed or depressed area, and that his office has the funds merely to declare areas eligible for the program.

East St. Louis has been seeking a depressed area tag to secure federal funds, but Jefferson County has been able to offer only technical assistance for public works projects.

It was not learned who had recommended that Madison county be given the depressed label.

The decision of the steel mill had been contemplated by the city and results in the city's inability to obtain a treatment plant, since the steel mill is one of the largest water users.

The city's water treatment plant is located at Horseshoe Lake and will cover about 500 acres, but the steel mill will treat the company's heavy flow of cooling and cleaning water.

The steel mill will be built under an SWP permit.

In his letter the mayor said, "We understand that the city plan to finance its project by the issuance of revenue bonds to be sold from charges made to users of the system, that the charges will not be made until the city's system is completed, approved, and ready for operation and at that time will be applied only to the portion of the system which is to be used."

"The company is motivated in its desire to build this plant in establishing a workable pollution abatement program, in the interest of the public and to meet with representatives of the city to coordinate our activities."

City Asks GC Steel's Sewage Treatment

Settling Basins To Be
At Lake; 3 Policemen
To Be Hired By May 1

Approval was given by Granite City council members Monday night to a Granite City request to divert its waste water to its own sewage treatment plant, discharging from the city sewer system.

In other action, the council authorized the hiring of three additional police officers by May 1 to increase the size of the department to 39 men in order to provide more adequate protection during a prolonged vacation period.

Monday night's meeting was attended by 15 of the 16 aldermen, and Paul Rutledge was named to preside in the absence of Mayor Davis. The mayor is ill with the flu. Also absent was Alderman Steve Basarich.

Granite City Steel's request was submitted to the council by Alderman Charles M. Merrell, chairman of the Special Pollution committee, who also advised the members that preliminary monthly rental rate figures on the city sewage treatment plant revenue bond issue should be ready in about 10 days.

Coordinate Systems
A letter from the steel mill president, and chairman Nicholas P. Veeder advised the city the firm would begin work immediately and coordinate the start of the operation of its own treatment plant with the city's treatment facilities.

Dismissing Of Pending JP Cases

Circuit Judge James O. Monroe will step down March 31 as chief judge of the Third Circuit, he said during a two-hour press conference late yesterday afternoon at the Madison county courthouse.

Either Judge Joseph Barr or Judge Harold Clark is expected to be announced as his successor next Thursday. Each will serve during part of 1964, first year of the new judicial system, with annual chief judge terms following, he said.

Judge Monroe told the Press-Record that 221 civil cases not tried in the court of former Justice of the Peace Harry E. Hartman were placed this week under the supervision of Associate Circuit Judge Fred J. Schuchman.

Madison Considers 5 Street Proposals

38 Streets Affected
In Plans As Follow-Up
To New Storm Sewers

Five different proposals for repairing or replacing about 38 streets, especially those over new storm sewers, were taken under advisement by the Madison county board of supervisors Tuesday night after they were explained by Edward J. Juneau, consulting engineer. The cost will range up to an estimated \$600,000.

Juneau, of the firm of Shepley, Mifflin & Schwab, Inc., explained that the city could not conduct immediate improvements following installation of the new storm sewers because there would be a certain amount of settlement, and time and traffic are required to compact the areas over the sewers.

The proposed project includes 160,000 square yards of pavement and does not include water mains or other utility work. It is to be paid under the sewer contract. Work would begin this spring.

Five Alternates
The first and least expensive of the five methods would be a maintenance program including repairs of all streets torn up and those not recently repaired. A top or oil surface would be used and chips and macadam gravel would be placed on top.

The second alternate, which would cost about \$250,000, would include a bituminous stabilized base four inches thick. All streets would be scarified or pulverized with a pulverizer, sufficient oil would be added to make the base stable and, after rolling, a surface treatment would be applied. This method is to be used on Washington avenue, Juneau said.

The third would include placing of eight inches of coarse stone base compacted and application of a good surface treatment. This plan would cost about \$350,000.

The fourth would call for a six-inch base plus a two-inch surface layer compacted and application of a good surface treatment. This plan would cost about \$600,000.

Macadam Surface
The fifth plan would call for a bituminous macadam surface six inches thick. The surface of the streets would be graded out, a three-inch layer of large stone to be from one to three inches in diameter would be compacted, and the top would be topped with hot asphalt or tar, which would be compacted and graded. On top, small stone would be added to fill the voids between the large stones. The surface would be repeated with a second three-inch base and would be topped with a final coat of macadam. This would cost about \$500,000.

The bituminous surface would be similar to that constructed in Venice, including Weaver and Lincoln, as much as 25 years ago and which still are good streets, Juneau said.

Juneau added that, especially now with drainage, the fifth alternate would be structurally good.

Mayor Stephen Barnes said that, with a permanent solution, "our worries will be over. But we don't have motor fuel tax funds to our credit, and we no longer are getting the \$100,000 a year from the Chain of Rocks Bridge, so we must be careful about how we use our remaining funds."

Other Needs Cited
He noted that the city has done only piecemeal work on the streets for the last five or six years. "We've been waiting."

Pole-Burglar Takes Cleaners For \$210

An athletic burglar stole about \$210 last night from the One-Hour Martinizing Cleaners, 2009 Madison avenue, it was reported at 6:15 a.m. today by T. J. Smith, manager.

The thief climbed a telephone pole, broke a lock on a door, a vent and a window, and jumped through the vent into the rear of the building.

The burglar took about \$50 in change and then found \$160 in cash in a car coat hanging in the rear of the building, in addition to three personal checks for \$70.00, \$8.35 and \$13.00. He left through the rear door.

School Filing To End Saturday; 17 Seeking 7 Posts

As the noon Saturday filing deadline approaches, competition seems fiercest for most school board positions in the April 11 election. Seventeen have filed for seven posts, and petitions will be accepted for two more days.

Eight Granite City school board candidates for two positions are John B. Moore, 2012 Elm street, who filed this morning; Street, who filed this morning; Those seeking the city-area post are Richard Neumann, 425 E. 1st street, and E. W. Walton, 5710 Madison street, who filed this morning.

The four seeking a rural post were created by Secretary George Stithman are Robert "Bob" Crider, Frank Mehle and Boyd Presley, all of Rural Route One and Jack Seiden, 1411 Norwood drive.

A fourth candidate for two city-area posts filed this week. He is Joseph W. Roberts, 217 Hill street, Eagle Park Acres. He is seeking the city-area post.

2 Caught With TV Sets Stolen From Window Of Store

Alerted that two men had broken a B. F. Goodrich store window at 23rd street and Madison avenue and taken two portable television sets at 4:15 a.m. yesterday, Madison police within minutes captured two men who had fled from an auto containing the TV sets.

Officers intercepted a 1962 auto going south on McCormick bridge avenue and chased it into a driveway at 1826 Sken street, where the occupants jumped out and ran toward the alley. As the car moved toward the alley at McCormick near Sixth street, the jumped on opposite sides of a hedge.

St. John Maers filed a shot gun, calling out for them to halt, and the suspects fled, one landing on a sidewalk where he was handcuffed by Maers. He was identified as Edgar F. McDuffie, 27 St. Louis.

Patrolman William Fanning arrested James E. Parker, 21 St. Louis, whom he found lying partly beneath the metal awning of a house at 1835 Sixth street.

The men and TV sets were turned over to Granite City police, who filed burglary and theft charges and are continuing to question them. Madison police also asked to question McDuffie and Parker in regard to a burglary in a television set.

Garage, Shed Burn, Damage Set At \$1500

An estimated \$1500 damage to buildings and \$500 to contents resulted from a fire of a two-car garage and shed at the home of George Summers, 2623 North street, at 6:30 a.m. Tuesday.

Firemen said Summers was burning grass at the rear of the garage and went into the house. He was awakened by the fire and tried to get his car out of the garage in time.

Turning trash ignited the back of a five-room frame house owned by Leroy Morris, 2616 North street, at 3:30 p.m. Monday causing about \$100 damage.

All But 6 Nameoki Road Appraisals Completed

All but six of the 46 property appraisals for additional right-of-way along Nameoki road for the state widening project north of Madison avenue have been turned over to the property section of the state highway office at French Village, it was learned this week.

During a meeting in the mayor's office last Thursday, it was agreed all 46 should be in the French Village office by Monday, March 16, Arthur Kettenhofen, who is in charge of the state's right-of-way acquisition department for this district, said the other six are expected momentarily from the city's appraiser, Andrew Gasparovic III.

The state has processed 17 of the appraisals and returned them to the city to begin negotiations with the owners. "We're processing the others as fast as we can, and one of our men is in Granite City this week to review the appraisals directly with the property," Kettenhofen said.

Last week's meeting, designed to speed the widening and resurfacing of heavily-traveled Nameoki road, was called by the transportation committee of the Tri-Cities Chamber of Commerce.

GC Rotary Club Hears Talk On Advertising

Harry Rosenberg, vice-president of the Rite-Point Co., guest speaker for Tuesday's Granite City Rotary Club luncheon at the YMCA, spoke on proper usage of advertising through newspapers, radio, television and specialties.

Rosenberg, whose speech was entitled, "The Fourth Dimension of Advertising," covered all aspects of the advertising field to the Rotarians that were present. Dr. Hal Scharf was program chairman.

James Louis, president of the group, announced that next Tuesday's meeting would be canceled because of the joint Maundy Thursday civic club meeting to be held next Thursday afternoon at the First Presbyterian Church. Howard Wellman will be program chairman of the next regularly scheduled meeting, March 31.

dam completed last year. While the lack of water at other wharfs in the region appears to be difficult to solve, such conditions will be improved with the increased seasonal flow.

Public Docks Available

"The proposed study and ultimate dredging recommended by St. Louis interests is primarily to benefit docks owned by private individuals. At the present time, there are three public docks on the Illinois side of the river that have sufficient water at all river stages. It is our board's feeling that public funds should not be spent to alleviate conditions at privately-owned docks.

"This subject has been covered in detail in a series of articles and editorials which appeared recently in the Granite City Press-Record. For your perusal, we have enclosed copies.

"Our organization does not favor the expenditure of millions of tax dollars for this unnecessary project. We, therefore, urge you to take a strong stand against this costly port duplication plan."

Man Without Country

(Continued from Page 1.)

fluently — Italian, Turkish, English, French and Greek — and has been employed as a travel agent, insurance salesman, tourist guide and interpreter. He worked at a North Atlantic Treaty Organization post exchange at the southeastern NATO headquarters in Smyrna, Turkey, his birthplace, in the summers of 1956, 1957 and 1958. Although not permitted to work while here on a visa, which has been granted its final extension, he has been promised employment at a St. Louis travel agency if he can gain the right to stay in the U. S.

Lack of permission to work has not meant that Tito has been idle. Soccer is the favorite form of athletic competition in Turkey, and he has devoted much time to the YMCA boys' soccer program, teaching the sport and assisting team managers. To keep in shape, he has played soccer in St. Louis.

Petitions, Visits

Well-liked by the boys and their families, Tito has been the subject of letters and petitions sent to Cong. Price and Sen.

Dirksen by the YMCA and by parents of soccer players. Rev. Antonoff, pastor of the Holy Trinity Bulgarian Eastern Orthodox Church, 1300 Grand avenue, Madison, conferred with Sen. Douglas in Washington in September 1962 and returned to the national capital during the first week of March 1964 to talk with Cong. Price. "They are trying their best," he reports.

Both officials agreed to do what they can, but it was indicated that little help can be received through normal procedures; it would be necessary to wait 10 to 15 years before they could enter the U. S. on a vacancy in the small Turkish immigration quota.

More Backing Needed

A special act of Congress seems necessary but is difficult to achieve unless there is a groundswell of favorable public opinion, as expressed in letters to Douglas, Dirksen and Price.

The Titos were married July 7, 1960, in Turkey and have been staying with Rev. Antonoff, his wife, Malinka, their daughter, Maria, and Rev. Antonoff's mother since May 28, 1962. A three-month visa was obtained initially and has been extended several times.

Their only relative in Turkey is Mrs. Tito's mother and Mrs. Antonoff's sister, Mrs. Nuvart Semendoglu, who has been a widow since her daughter was a small child.

Rev. Antonoff, who believes that the very life of his niece and nephew is at stake, commented to the Press-Record this week, "We can take care of them if they are allowed to remain. Everything we have, we would give to help them."

Could Be Useful Citizens

Originally known as the "refugee post" of the world, the United States owes much to the differing abilities of its past immigrants arriving from all parts of the globe. Rev. Antonoff is confident that his nephew and niece also could make a contribution to this country, if given the opportunity.

Many local residents agree. But the May 11 deadline continues to draw nearer, raising the question of whether enough can be done fast enough to enable the young couple — the "niece" and the "nephew" — and the ill wife whom he does not want to leave — to stay on in the U. S.

Granite City's Brother Dies At Highland

Benjamin Knowles, 75, of Edwardsville, brother of Mrs. June Barnett of Granite City, died Monday at St. Joseph's Hospital, Highland. Funeral services were held this afternoon in Edwardsville.

He was a world war I Army veteran and a retired travel operator.

City Grows 4 Acres; Driveway For Car Wash Rejected

Granite City grew by 4.72 acres Monday night when the city council approved annexation of a new area of Pontion Plaza for construction of apartment buildings by L. Wolf Co.

Council members then rejected a driveway permit for a proposed coin-operated auto wash business in the 1500 block of Johnson road, calling for a legal opinion on the location of the business there and also debated but reached no conclusion on city laws governing the location of individual house trailers on vacant lots.

At the request of developer Henry Ross, further debate on city controls over his Dream Villa subdivision east of Edwardsville drive was deferred. Ross said he does not want annexation for a major portion of the area.

Before the Pontion area was annexed, council members questioned Randall Robertson, attorney, and Edward J. Keenan, engineer representing the developer, Leo Wolf, concerning sanitary and storm water drainage.

Alderman Donald Partney objected to the piecemeal annexation of the 30-acre tract which eventually also is to include a shopping center.

Severs Adequate

Both Robertson and Juneau assured the council that the existing sanitary sewers are capable of handling the anticipated added load and that provisions have been made for storm water drainage into Dobry slough, part of which is on a tract owned by Wolf and part on a subdivision to the north which is not in the city limits, being developed by William Kaiser.

Robertson said the state and federal surveys show natural drainage for the area is toward the slough and has been that way for 50 years.

He added that to add the remainder of the tract to the city would require an appearance again before the City Plan Commission. He said the developer was anxious to begin construction on the 4.72 acres. It was noted the annexation includes a service station at Sara street and Pontion road which had not been annexed earlier.

Partney pointed out the piecemeal annexations are proving costly to the city and that because of the many jobs in boundary lines the updating of the city's master plan will cost over \$20,000. He and Alderman Norn, Bartosiek and Boyd opposed the annexation. Alderman Barschich was absent.

Residents Object

Alderman Earl Thompson led the attack against granting a driveway permit for the car wash on Johnson road. Residents of the area were permitted to voice objections and there was an appeal for permission by Conrad Bauer, who said he was granted a building permit by Earl Bloomquist, city building inspector.

When questioned, Bloomquist said that because car wash operations were not listed in the city's 1958 zoning ordinance, he had telephoned the St. Louis firm of Harland Bartholomew & Associates, that had prepared the zoning code for the city and was advised a C-1 classification was proper for a car wash.

Thompson called for a legal opinion from City Atty. George Filcoff Jr. The city had on file a letter from the planners stating that coin-operated car wash operations were not in existence when the code was prepared and that C-1 would be suitable. The block of Johnson road is zoned C-1 even though homes would be on either side of the car wash. It was pointed out the residents had requested the C-1 commercial classification.

"Traffic congestion in the area, which is close to the Johnson-Nameoki-Fehling road intersection was stressed by area residents who said Carlson avenue and other side streets in residential areas would get the traffic overflow. Bauer said the lot would hold 80 cars and congestion would be at a minimum.

Atty. Robertson added that the city's proposed restriction for right turns only would add to traffic on side streets and also would necessitate the same restrictions for other businesses in the vicinity.

Frank Homola, 70, Dies, Former GC Resident

Frank Homola, 70, Port Charlotte, Fla., a former resident of Granite City, died at 4 p.m. yesterday at the Veterans' Hospital, Bay Pines, Fla. Mr. Homola had been ill with cancer for a year and had been in a patient in the hospital one month.

He worked 43 years in the shipping department of Granite City Steel Co. and moved to Port Charlotte after he retired in 1959. He was a member of the VFW here.

Mr. Homola is survived by his wife, Ann; two sons, Raymond J. Mitchell, and Edward Homola of California; and four grandchildren. Services are pending.

Debate On Trailers

Alderman McGee called for enforcement of the city code governing the location of house trailers in the city other than in trailer courts.

A study of city ordinances is to be made to determine if the code remains in force. Norn, who pointed out there are over 50 trailers in the Fifth Ward, said the code had been superseded by a later ordinance, but no one could recall it and the only ordinance Norn had in his possession was dated before the city code.

He and McGee engaged in a heated debate before both were ruled out of order by acting Mayor Paul Rutledge. Atty. Filcoff ruled against issuance of permits for individual trailers, which was asked to determine if there is a later ordinance that gives permission.

Sheriff Reports Tavern Closing Hours Enforced

Sheriff Fraundorfer, replying to-
day to Norman Weber, mayor of
Collinsville, said closing hours
are being enforced at 220 taverns
in the unincorporated areas
of Madison county by the 11
nightshades and also, grocers,
deputy sheriffs as well as "pub-
lic spirited citizens."

Cases against liquor law viola-
tors in the past year, Fraundorfer
said, included nine for after-
hours sales, eight for selling to
minors, two for gamb-
ling, three for prostitution and
one involving a minor using a
false identification card to buy
liquor. Each investigation re-
quired in an arrest, the sheriff
said.

His reply was to Weber's let-
ter, advising Fraundorfer that he
(Weber) had heard the "tavern

Thieves Steal Phone, Loot GC Tavern, Auto

A burglar removed the pay
phone, 905 N. 10th street, at
St. John's service station at 501
Chapel street, between 3:40 and
4:30 a.m. Tuesday.

The office was advised by Mayberry,
who resides at 640 Margaret
street, Mitchell. Entrance to the
building was gained by forcing
open the front door.

Mike Antonoff, proprietor of
the Pavilion tavern, 905 N. 10th
street, advised, reported Mon-
day night at a special meet-
ing of the East Side Levee &
Sanitary District's board of
trustees.

The plan will be located just
south of St. Clair avenue and
east of the Cahokia drainage
canal, East St. Louis. It will be
known as the Lansdowne plant.

Included in the construction
cost are the building, 200,000
feet long generally paralleling
the levee between Merchants
Bridge and McKinley Bridge.

Line Along Main St.
About 12,900 feet of 38-inch
sewer line starting 600 feet
south of St. Clair avenue at the
Cahokia drainage canal, along
St. Clair avenue, Third street, in
Brooklyn and Main street in
Venice, ending at Bremen ave-
nue.

And, 3200 feet of 24-inch grav-
ity sewer starting at Cookson
road, Fairmont City, and ex-
tending east to Kingshighway.

The new plant is to have a 10-
million gallon daily capacity.
The local authorized President
Lawrence Tolar to negotiate for
the necessary land for the sewer
lines.

There will also be a raw sewage
pumping station located in
Venice, at the intersection of
the levee.

Chief Engineer A. L. Kraemer
said it is not certain when the
street will be opened for bids on
the construction. He said the
federal government will provide
about 90% of the necessary
funds.

Resident Rates Not Set
No rates have yet been estab-
lished for residents using the
service, he said, but there will
be a user's fee.

Also approved Monday night
was an ordinance authorizing
the issue of \$600,000 in revenue
bonds toward the construction
of a sanitary sewage system for
Centerville township, excluding
the village of Monsanto.

The ordinance, amending an
earlier ordinance, dropped the
cost from \$826,300 to \$803,670.
The levee board expects to re-
ceive \$203,670 from the federal
government to aid in the con-
struction.

The board continued its meet-
ing Tuesday afternoon with a
discussion on sale of a site at
half-mile south of MacArthur
Bridge to the city of East St.
Louis for a sewage treatment
plant. The board agreed to sell
the property pending approval of
East St. Louis plans for the
plant by the Army Corps of
Engineers.

the zoning board of appeals con-

Zoning Dispute
A lengthy dispute on the
county zoning ordinance was
held when the zoning board of

committee recommended denial
of rezoning of a tract in
Urbana township where Pat
Urban requested a change from

Urban maintained that since
the tract was a junk yard at
begin with, it should have re-
ceived an original designation as
M-2. Action on the recommen-
dation was postponed to the next
meeting for further clarification
by the zoning administrator.

Venice Subway Hearing Set For May 6 By ICC

(Special from Springfield)

The Illinois Commerce Com-
mission announced today it has
set May 6 as the hearing date
for a petition filed last week by
the city of Venice for relocation
of the Broadway crossing and
construction of an underpass.

The hearing is scheduled for
10 a.m. May 6 in the commission
office at Springfield.

In the petition filed by Mayor
Lee and City Atty. Harry Hart-
man, the city is asking the ICC
to designate the amounts of the
estimated \$1,007,000 proposed
improvement to be allocated to
the city, railroads and state high-
way department.

The proposed subway would be
north of the present Broadway
crossing and would have connec-
tions with new Federal Ave.
Route 151 (Riverfront roadway)
and McKinley bridge.

11 Lettermen Return To GC Baseball Team

Eleven lettermen have returned from the Granite City high school baseball team that finished second in last season's state tournament.

Four of the returnees played regularly last season. They are infielders Bob Karandjeff and Rich Lee along with catchers Joe Hauptman and Marty LeVault, who split the backstopping chores.

Coach Joe Fedora said he is currently working Karandjeff at third base and Lee at second. He said LeVault will be tried at first base in addition to catcher. Larry Dillard, who played frequently toward the end of the season, is the leading candidate at shortstop.

Other lettermen are pitchers

Pat Harris and John Love and outfielders Norm Wilfong, Ron Bates, Joe Fanning and Bob Scharf.

"Practice has been encouraging," said Fedora. "But pitching is our big problem. We'll probably have trouble in early games with our pitching staff."

Gone from last year's state runners-up are ace hurlers Charlie Papp and Terry Kofahl. Fedora and assistants Gale Garbe and Babe Champion have about 50 boys trying out for the varsity. The Warriors open a 34-game schedule a week from today at Triad.

Team Effort

Shifting your responsibilities to others will cause any democracy to lose its balance.

Bob Vanatta To Speak At GC HS

Coach Bob Vanatta, who directed the University of Missouri basketball team to its first winning season in eight years, will be the speaker Monday night at the annual basketball-wrestling awards banquet at Granite City high school.

The banquet, scheduled to start with a smorgasbord at 6:15 p.m. Monday, has been arranged by an alumni committee consisting of E. R. "Pat" Rich, Dave Morgan, Jon Tarpoff and Cam VanBuskirk.

Rich will be master-of-ceremonies and Rev. Dr. David E. Maxton, pastor of the First United Presbyterian Church, will give the invocation and benediction.

Andy Sullivan, basketball coach, and Bill "Red" Schmitt, wrestling coach, will present letters and special awards to their squad members.

Tickets are being sold by the Boosters of the Fighting Warriors and are available at the high school office.

Tigers 13-11

Vanatta, 45, was hired from Memphis State in 1962 to succeed Sparky Staley as head coach. He served previous stints at Central (Mo.) College, Southwest State, Army and Bradley.

This year, his second at Missouri, he directed the Tigers to a 13-11 record including a surprise win over Ohio State. A key factor in the success was former Madison and

BOB VANATTA, speaker at GC HS awards banquet.

Granite City star Bobby Price, a Missouri co-captain.

In 18 years of coaching, Vanatta has a lifetime record of 344 wins and 126 losses, one of the better marks among major college coaches today.

Likes Fast Break

Offensively, Vanatta is an exponent of fast break basketball and favors pressure-type man-to-man coverage with some zone defense. Figuring in his plans for next season is 6-8 George Moore of Granite City, a freshman at Missouri.

He has helped conduct coaching clinics in 16 states and has made three overseas trips for the State Department to participate in clinics. He is the author of "Coaching Pattern Play Bas-

ketball," published in 1959.

A four-sport athlete at Central College, he won 11 letters in basketball, football, track and baseball. A native of Columbia, Mo., where M. U. is located, he is married and the father of three teenage sons.

Marquette Of Alton Added To Golf Card

Two more matches have been scheduled for the first Granite City high school golf team in several years, making a total of 12 dates for the squad.

The golfing Warriors will entertain Marquette of Alton on April 21 at the Granite City Army Depot course, and then visit the Explorers on April 30. The opening match for the locals is April 7 with Alton here.

Kenney-Welch Team Wins Elks Club Bowling Meet

Mary Kenney and Darel Welch won the third annual mixed doubles bowling tournament held recently by the Elks Club at Bowland. They had a 1311 total.

Glady Wilson and Neilson Arnold were second with 1206. Marilyn Schooley and John Wilson third with 1298 and Edith Mitchell and James Kenney finished fourth with 1287.

Ted Overbeck rolled the high single of 255 and Vesta Campbell finished first in the 48-hole tournament for the women. The high scores were by Harold McHardy (584) and Edith Mitchell (493).

AMONG KEY FIGURES in this season's track hopes at Granite City high school are pole vaulter Dwin Bridges (front), hurdler Ardell Blind (left) and miler Gary Lomax (center) and Gene Sternberg. Bridges set a new school pole vault record last week.

'Much Improved' Warriors Compete In Second St. Louis Open Saturday

After an encouraging workout Tuesday afternoon, the Granite City high school track team enters the second St. Louis Open indoor meet Saturday at the St. Louis Armory, Market street and Spring avenue.

Preliminaries start at 2 p.m., and finals at 7 p.m. In the first meeting last week, the Warriors finished 10th among 25 competing schools. About 50 schools are expected to enter Saturday's meet.

The Warriors held informal competition Tuesday with East St. Louis and Alton at the latter school and the coaching staff was very pleased.

"We wanted to see what we could do, so we took along everybody we could cram into the bus," said Coach Jim Morrison. "It was a much, much, much improved performance. It showed that they're working hard."

Assistant Coach Russ Chappell said the Warriors probably would have won the practice meet if official point totals had been kept. But he emphasized Alton and East St. Louis were competing without some of their better trackmen.

Hiles Sidelined
Not participating Tuesday was ace shot putter-discus thrower Joe Hiles, who is still out with a

knuckle injury suffered in last Friday's meet.

Morrison said he would leave the decision on the senior's entry Saturday up to Hiles and Assistant Coach Andy Sullivan. Hiles won first place in the shot last Friday.

Two other shot putters, Ron Selph and Jerry Line, did well in the practice meet. Selph finished first with a heave of 48 feet, 3 1/2 inches and Line was second at an even 48. Selph also won the discus at 131 feet.

Morrison said several other sophomores were impressive, indicating good things for the future. He predicts a better showing for his Warriors in Saturday's competition.

the varsity mile quartet.

In sophomore competition Tuesday, pole vaulters Dwin Bridges and John Skubish hit an even 11 feet. They were hampered by a runway allowing only eight steps, and vaulted primarily for form.

Bridges set a new school record of 12 feet in Friday's meet. Skubish is the brother of Tom Skubish, who set the old vault mark of 11-7/4 in 1957.

Morrison said several other sophomores were impressive, indicating good things for the future. He predicts a better showing for his Warriors in Saturday's competition.

Sentiment Backs Appleknockers

Now that Collinsville is out of the state basketball tournament, most Quad-Cityans will probably adopt the Kahoks' conquerors—the Centralia Orphans—as their favorites.

Or will they? Sometimes sentiment plays a larger role than geography in athletic sentiment. Look at the New York Yankees.

The sentimental favorites at Champaign this weekend will have to be a team from down south in Shawnee country—the Cobden Appleknockers.

Cobden, a town of 918 inhabitants just six miles north of Anna-Jonesboro, has a high school enrollment of 144. Unfortunately for their opponents, four of those 144 stand 6-ft-3 and start on the basketball team. The Appleknockers, who edged Pinesville 68-66 in three overtimes Tuesday night at the West Frankfort supersectional, are bidding to be the second district team ever to win the state title since smaller schools were placed in districts in 1958.

The first was Hebron, headed by the Judson brothers, who went on to star at the University of Illinois. That was in 1952.

Cobden advanced through its own district tourney, the Anna-Jonesboro regional and the 21-district sectional. The state championship game could match Cobden and Centralia.

Collinsville, before the 55-50 loss to Centralia at Salem, was the only undefeated team in the Sweet Sixteen. The Kahoks had won 28 in a row—including smashing 83-54 and 89-50 victories over Granite at the University of Illinois' 16,000-seat Assembly Hall.

Only five teams have won the state title with undefeated records. They include the Kahoks, who won 32 straight in winning the 1961 title.

Others were Chicago Marshall, 30 in 1958; LaGrange, 29 in 1953; Mount Vernon, 33 in 1950; and Taylorville, 45 in 1944. Back in the 40s, of course, teams were permitted to play more games than now.

As expected, the Collinsville-Centralia match was a battle between the Kahoks' 6-5 Rodger Bohnenstiel and the Orphans' 6-8 Cliff Berger. Bohnenstiel, 21, is a senior at St. Louis.

Bellevue Coach Jerry Turner.

Mexican Honorary Nips Lueders 1-0

Mexican Honorary-edged Lueders Agency 1-0 yesterday in an exciting Atom Division game in the YMCA soccer program at St. Elizabeth's school. The contest was rained out previously.

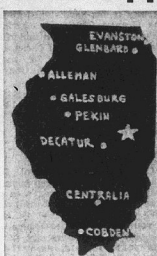

Wayne Canada scored the deciding goal with just two minutes of playing time remaining. He slipped the ball past Lueders goalie Ricky Bohnenstiel, who made several outstanding saves in the game.

In another makeup game Tuesday, Granite City Steel Credit Union defeated St. Elizabeth's 1-0.

Ruben Mendoza, program director, said he will begin weekly instructional clinics for boys 6-7 years old at 1:30 p.m. Saturday at Collinsville junior high school.

And at 4:30 p.m. Monday, Rev. Karl Antonoff will hold a special session for all golfers at Collinsville.

commenting on a radio broadcast, pointed at Centralia's great defense on Bohnenstiel as the key to the Orphans' fourth-quarter comeback.

After trailing 40-33 after three periods, the Orphans held Bohnenstiel to a single basket in the fourth. Berger had eight points in the fourth period.

The Kahoks' downfall was at the free throw line. They made only 14 of 31 attempts. They lost the other seven supersectional games to be guests of the Illinois High School Association at Champaign.

Cobden's Appleknockers (20-2) will meet the Galesburg Silver Strikers (24-3) at 3 p.m. tomorrow at the quarterfinals at the University of Illinois' 16,000-seat Assembly Hall.

That game will follow the tourney opener at 1:15 p.m. between the Evansville Wildcats (15-7) and the Stephen Decatur Reds (31-1).

In the lower bracket, starting at 7:30 p.m. tomorrow, the Centralia Orphans (28-1) meet the Alleman Pioneers (18-10) of Rock Island, with the second game matching the Pekin Chiefs (27-3) and the Glenbard East Rams of Lombard (24-6).

Saturday's entire session of four games (two afternoon semifinals and the third place and championship games that night—can be seen locally on St. Louis' Channel Nine. This is the

13th year of the statewide telecast.

The Saturday telecast, which lasts a total of about seven hours, is believed to be the longest sports program in U.S. television history. The tournament also will be broadcast by radio stations in East St. Louis, Belleville, Alton and Centralia.

Of the 735 schools entered at the beginning of the 57th annual state tournament series, the largest was Lane Tech of Chicago with an enrollment of 5636 all boys. The smallest was Hennings with 41 pupils.

Bohenstiel ended his three-year career as a Collinsville regular with 1749 points. This ranks him second in the school's all-time scoring lists behind Terry Bethel's record 1943. Third is Rogie Redmon with 1719.

Stephen Decatur has a chance to become the first school to win five state titles. Decatur won in 1931, 1936, 1945 and 1962. The other four-time winner is Mount Vernon (1920, 1949, 1950 and 1954).

Volleyball Team Has 73-1 Record

One of the best and least publicized records in Quad-City athletics belongs not to a basketball or wrestling team, but to a volleyball squad.

The YMCA group, under the leadership of Dr. E. W. Walton, has posted an amazing record of 73 wins and one loss over the past three years.

The group plays on an informal basis, with emphasis on keeping in shape. It is a regular activity three days a week at the "Y" with businessmen playing from 12:30 to 1:30 p.m. Monday, Wednesday and Friday.

A team from the local group will enter the YMCA Illinois District IV Class championship to be held here April 11. The tournament is for players who have not previously engaged in competition on a district or state level.

Another team from the local "Y" will enter the Class B championship April 18 at Joliet. Dr. Walton will coach both teams and play in the Class B affair.

Cliff Blankenship gave a demonstration of mouth-to-mouth resuscitation. The next meeting will be at 7 p.m. Tuesday at the YMCA. Bill Dover, photographer for the St. Louis underwater recovery team, will show slides.

Winged Flight Money seldom talks today—easy credit, and installment buying allow it to go without saying.

VOLLEYBALL FOR THOSE who think young. The sport is very popular with middle-aged businessmen at the YMCA. Here, Granite City team's Dr. E. W. Walton (center) spikes ball in a recent game with Collinsville.

Two Lieutenants Named By Underwater Captain

Tom Sumner, captain of the Granite City underwater recovery team, has appointed Don Ballard as lieutenant for the Granite City area and Walter McCauley for the Cahokia-Dupo area.

The appointments were made at a meeting Tuesday night at the YMCA. Cliff Blankenship gave a demonstration of mouth-to-mouth resuscitation. The next meeting will be at 7 p.m. Tuesday at the YMCA. Bill Dover, photographer for the St. Louis underwater recovery team, will show slides.

Bowers Helps Scots Post Best Mat Mark in History

Willis Bowers of Granite City
was a key figure this season in
helping Monmouth (Ill.) College
to its best wrestling mark in his-
tory. The Scots had a 6-1 dual
record and finished second in the
Midwest Conference meet.
Bowers, a 147-pounder, will re-
turn to the squad next season.
He is the son of Dr. and Mrs.
Willis W. Bowers, 2646 Cleveland
blvd.

50 Baseball Teams Join Park Program, Managers Needed For Additional Clubs

Fifty teams have signed up for
the Granite City park district's
boys' baseball program and Har-
old Brown, director of parks and
recreation, expects 10 more
teams to join before the season
opens May 18.
The lineup of teams includes
seven in the Atom Division, 14 in
Bantam, 13 in Midget, 11 in Ju-
venile, three in Junior and two
in Senior.
The latter division is for boys
17-21 years of age and will not
start until June 7; two players now
away at college may play. This
is the first season for the Senior
Division and Brown said two
more teams are needed. Games
will be played on Sunday after-
noons.
Brown said at present he has
enough interested boys, not yet
on teams, to form seven addition-
al squads. These would be four
Atom teams and one each in the
Bantam, Midget and Juvenile
circuits.
Managers and coaches are
needed for these teams and any-
one interested should contact
Brown at TR. 7-3030.
A general meeting of all man-
agers was held Tuesday night at
the Community Center and sepa-
rate meeting for managers in
four divisions have been sched-
uled for next week at the Wil-
son Park office.
Bantam managers will meet
Monday night, Midget managers
Tuesday night, Juvenile man-
agers Thursday night and Atom
managers Friday night. All four
meetings will start at 7:30.
This year's annual baseball
parade will be held after the sea-
son opens, on Saturday, May 23.
About 1000 boys are expected to
play in the program this season.

but said he feels the two studies should not be closed yet.

To Prosecute Employee
A discussion brought out that the only action planned by the state's attorney's office is prosecution of a Berry employee said to have admitted theft of over \$4000. A remaining balance of about \$3000 is being paid by Berry, Monroe said. The judge said Hartman has made necessary payments but did not do so simultaneously with turning in his records.

Reviewing advance preparations and the actual start of the new court system, Judge Monroe said all major decisions were made by the full group of judges, but he takes responsibility because he would prefer for any criticism to rest on him rather than prompting anger at the courts in general.

implementing the system and relied on steps taken here and in such areas as Waukegan and Wheaton, he said. While procedural changes have been frequent, some have been based on revisions of rulings at the state level, the judge related.

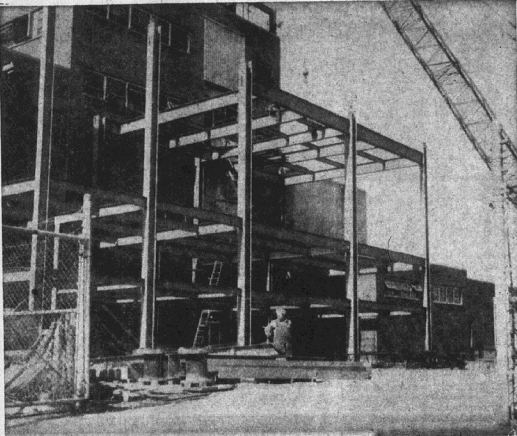

Praising the cooperation of judges, attorneys and citizens, all of whom have been asked to give their views on various issues, Monroe said the progress of the transition has reaffirmed the ability of the American governmental system to adapt to changing needs.

He released copies of lengthy reports showing what judicial changes have been made and explaining in detail how the circuit and magistrate courts are functioning.

Union Good Friday Service Set At Niedringhaus Church

The Union Good Friday service, sponsored by the Quad-Cities Ministerial Association, will be held at Niedringhaus Memorial Methodist Church, 29th and Delmar avenue, at noon on March 27. The one-hour service is open to the public.

The sermon will be delivered by the Rev. John R. Curtis Jr. on the theme, "Dimensions of God's Love." Rev. Curtis is the director of religious life at McKendree College, Lebanon. Prior to his service at McKendree College, he was pastor of the First Methodist Church in Godfrey. He holds degrees from McKendree College and from Garrett Theological Seminary at Evanston.

Rev. R. Paul Sims, pastor of the host church and chairman of the special services committee of the Ministerial Association, will lead the service. He will be assisted by Rev. James Craddock, Rev. Paul Sunbey, Rev. Bill Bryan and Rev. Sherman Wilson. Other ministers of the Quad-Cities area will have the responsibility as ushers for the service.

Special music will be presented by a combined church youth choir directed by Warren G. Simpkins, high school music instructor and director of music at Niedringhaus Church. The choir will present two anthems with Raymond Voorhees as soloist. Mrs. Russell West will be the organist.

Senator Paul Simon Speaks To Pharmacists

State Senator Paul Simon discussed pharmacy-type legislation as it pertains to public welfare at the monthly meeting of the Madison-St. Clair Counties Professional Pharmacists Association held Tuesday night at the Rose Bowl restaurant.

Simon told the pharmacists that the public aid rolls are decreasing as the result of educating the recipients. Local pharmacists who attended were: Bernard Miller Jr., Ronald Rojhas, Neil Winters, Donald Vaughn Duckworth and Philip Sheridan.

Simon also presented two anthems with Raymond Voorhees as soloist. Mrs. Russell West will be the organist.

No Funds Sought For Flood Disaster Relief

No special contributions are expected to be necessary to finance Red Cross disaster aid currently being given as a result of Ohio River flooding, it was announced this week at the local office. Work is being directed by Red Cross President Alfred Gruenther, who accompanied President Lyndon Johnson on an air survey of the flooded area.

Two hundred Red Cross national workers are deployed in Pennsylvania, Ohio, West Virginia, Indiana, Missouri, Illinois and Kentucky, assisting chapter volunteers engaged in emergency relief for evacuees. Over 100,000 persons in 39 counties have been affected and 77 shelters have been opened to house and feed victims.

DeMolays Honor Masons; Class of 30 Initiated

Granite City Chapter, Order of DeMolay, in observance of DeMolay Week held its annual Masonic appreciation night Tuesday at the Masonic Temple with Master Masons as guests of honor.

The DeMolay presented a program of proficiency and exemplification of the DeMolay degree.

Honored guests were officers and members of Granite City Chapter 221 Royal Arch Masons, led by Walter Bergfeld, excellent high priest. The RAM chapter sponsors the DeMolays.

Also introduced were officers of Triple Lodge 835 AF&AM led by Rodger Wade, worshipful master.

The DeMolay degree was conferred on a class of 30 candidates from chapters in Edwardsville, Highland and Granite City. The 14 local candidates were—Billy Wayne Radgett, Richard Bartling, John Burgess, John Flossoff, Larry Bloomquist, Harold Hotson Jr., Joseph Lehn, James

Seven Knights Elected To 4th Degree Assembly

Seven members of Tri-City Council 1098, Knights of Columbus, were elected into the council's fourth degree assembly last night.

They were Alex Aleksiak, James DeRuntz, August Feraud, Harry Hadley, Aloys J. Lucash, Steve Ortiz and Donald Stanton. They will be initiated in a southern Illinois district exemplification of the fourth degree April 19 at St. Mary's Church, Belleville, with a formal dinner to be served in the evening.

Marvin Boyer, faithfull, announced that the deadline for applications has been extended to April 5.

Plans are to be made to observe the 50th anniversary of the assembly at a later date. It was noted that the only surviving charter member of the assembly is William Boeckel of Venice, who remains active in the work of the order.

Continuation of a series on "Communism and You" which was prepared by the Wackenhut Corp., a national security and investigative organization, was presented by Kenneth Wood.

\$646 Relief Given Out By Protestant Welfare

Relief assistance totaling \$646 was distributed during February by the Protestant Welfare Association, it was reported at a meeting Tuesday night at St. John's United Church of Christ.

The total included \$525 food, \$52 rent, \$78 for medical supplies, \$34 for new shoes and clothing, \$34 for utilities and \$14 for miscellaneous items.

Also given were 17 orders of clothing and shoes, plus new blankets, sheets and towels from the organization's store room, valued at \$113. One washing machine, valued at \$20, was given away.

This month included a total of 30 cases involving 147 persons. Mrs. Marie Whittle, secretary, said most of the cases were people waiting to get on relief or for their unemployment checks.

The association reported it needs housekeepers, baby-sitters, volunteer drivers to take people to St. Louis clinics, and a woman to stay with a middle-aged woman who has epilepsy. The state will pay the salary in each case.

Counseling services will be available at the association of 2015 Edison avenue, from 7 to 8:30 p.m. Monday. A committee of three ministers, Rev. Herman Wilson, Rev. Charles Clark, and Rev. Alfred Bell, will be available.

An appeal was made for children's spring clothing. Next month's meeting will be April 21 at Concordia Lutheran Church.

storm sewers. Now we must do something."

The mayor repeated that a \$2 million excess in the city treasury is currently earmarked for construction of an industrial plant if a qualified industry can be attracted here, adding that several well regarded companies have expressed an interest.

He also cited the need for construction of an incinerator to help abate air pollution, and expressed the hope of a cut in the city's corporate tax rate to provide some tax relief for residents.

While the mayor was describing his wedding trip to Hot Springs, Ark., last weekend, and the honeymoon use of slot machines, one alderman suggested placing six or eight of the old one-armed bandits in the city street. "That would be the end of our troublers," the mayor facetiously remarked.

New Comfort Stations

Mayor Maera reported to the council that he has met with Architect Virgil Dulgeroff on construction of comfort stations at 12th street and Washington avenue and on Third street, that the cost for both will be \$10,000 to \$12,000. The Third street station would include an 8x10-foot concession stand, he added.

The council authorized an agreement to reimburse Morgan & Schwaab as the engine used by the city's motor fuel tax work on the same basis as previously, as provided by the revenue contract of highways. The revenue contract is retroactive to Jan. 1.

FLAG FOR BROWNS
Mrs. Jose Rojas, 1728 Olive street, Wednesday night, presented an American flag to Mrs. Jean Wynn's Brownie troop, which is sponsored by the Logan school PTA.

NEW TROOP LEADER
Junior Girl Scout Troop 45 met Monday afternoon with the leader, Mrs. Betty Doyle, at the school. The troop reorganized, as Mrs. Doyle has just taken over the leadership. An Easter party was planned for the next meeting, which will be Monday.

Scouts present were Cecilia Barnes, Carole Laws, Connie Richardson, Nelda Walton and Connie Wynn. They met again Wednesday to practice a program for the Logan school PTA meeting tonight. Two additional members, Verna Gues and Marcella King, were present.

LEADER, Mrs. Gladys Nash, who was assisted by Miss Donna Nash. The group worked on the theme of "Indians."

Those present were David and Joyce Griffin, Ronald and Donald White, Billy Dollins, and Hadley and Marilyn Denson.

Community Service Is Topic Of B&PW Meeting Last Night

John Solenberg, executive secretary of the United Fund, was guest speaker last night at a monthly dinner meeting of the Granite City Business and Professional Women's Club. His talk dealt with "The Value of the Volunteer in Community Service."

Mrs. Betty Walls served as chairman of last night's meeting on civic participation, and the April 8 meeting will be in charge of the public relations chairman, Mrs. Adams. It will also be held at the Rose Bowl.

Other guests at last night's meeting were Mrs. Solenberg, Miss Leola Kleistermeier, chairman, and Miss Clarice Bartels, secretary of District 11, both of Edwardsville.

Girl Scouts At Nameoki PTA Officer Election Held By Sorority

A meeting of the Nameoki PTA was opened Tuesday evening by the Girl Scout Troop 277, under the direction of Mrs. Ramona Wachter and Mrs. Alma Cowan, performed a playlet, "It's a Problem," and sang. A fashion parade was given by Mrs. Arlene Brinkmeyer's Troop 344.

Mrs. Velma Lawrence's Troop 344, Mrs. Helen Slay and Mrs. Shirley Yates. The scout program was closed with the girls singing the scout song.

The business meeting was conducted by Raymond Schubert, president, and reports were given by Mrs. William Knapp and Glen Hermes.

Joe Evenson, chairman of the nominating committee, submitted a slate of officers for approval. The election will be held at the April meeting.

The president reported on the annual PTA appreciation dinner held earlier in the month. The evening's prize went to Mrs. Doris Bluhensko, Mrs. Helen

Marshall PTA Names Officers

Election of officers for 1964-65 was held by the Marshall school PTA Tuesday. The March meeting was conducted by the president, Chester Swickick.

Elected were Swickick, president; Mrs. Vivian Davis, vice-president; Mrs. Roberta Werner, secretary; Miss Pat Pfaff, treasurer; and Miss Ruth Justice, sergeant-at-arms.

The meeting was in the home of Mrs. Lyle, 2120 Miracle avenue, and plans were made for a spring dance at the YFW hall April 25. Also discussed was the area convention to be held in Centralia April 12.

Mrs. Barbara Johnston presented the program on "Conversations." Also present were Mesdames Janet Boggs, Barbara Adams, Sue Cook, Mary Ann Harris, Ellen Winters, and Misses Adeline, Christine, Sharon Cruise, Janet Justice, Pat Lee, Pammy, Linda Todd and Winters.

Refreshments were served by the hostesses.

Matson's and Mrs. Goldie Glenn's third grade rooms are given honors for the largest number of parents in attendance.

Refreshments were served, and all parents were invited to view a science exhibit set up in the cafeteria. Next meeting is scheduled for April 21.

1st Egg Hunt Set For Wilson Park

An Easter egg hunt will be held this year for the first time by the Granite City park district. The event is scheduled for 10:30 a.m., Saturday, March 28, at Wilson Park.

Harold Brown, director of parks and recreation, said there will be three divisions to hunt the candy eggs at different locations in the park. They are:

Pre-school through kindergarten at 27th and Benton streets; first through third grade at 28th and State streets; and fourth through sixth grade along Fehling roads near the baseball diamonds.

In each division, a prize will be awarded to the child bringing the golden egg and the child gathering the most eggs.

Stevenson For Veep Write-In Starts Here

Richard Allen announced today he is launching a "Write-In Stevenson for vice-president" campaign for the April 11 Illinois primary.

Allen, a Granite City lawyer and also chairman of the Granite City Democratic committee, is asking all interested persons to telephone him at his office.

He pointed out that former Illinois governor Adlai Stevenson is the choice of many for the vice-presidency and that he is forming a "Write-In Stevenson committee."

Discuss Rotary Meet

Plans to seek a future district conference in the St. Louis area were made yesterday at a delegation of Granite City Rotarians met with the Madison Rotary club. Presidents James Louis and Lewis Waggoner, President-elect Glenn Abernethy and Laurence Palles and William Thoele, local tourism promotion chairman, are to confer with district officials.

Runaway Located Here

A 15-year-old boy described as a runaway from Mississippi was found trying to keep warm with a small fire he had built beneath the McKinley Bridge Tuesday evening. An orphan, he had lived in Venice with his parents 10 years ago. He was transferred to the county jail last night.

Trades Council Names 2 School Candidates

Endorsement of two candidates for the Granite City school board and also a recommendation for separate boards for the mental health clinics in Granite City and in Alton were made last night by 51 delegates attending the meeting of the Tri-City Trades & Labor Council at the Labor Temple.

Edwin Reiske, president, reported there were talks by four

school candidates and those endorsed were Dr. E. W. Walton and Robert Crider. Others appearing were John Moss and Boyd Freley.

The group named Albert Ward of Building Service Employees Local 98 to represent the council at tonight's citizen meeting on the proposed school district bond issue.

Reiske explained the county mental health clinic board favors separate operation of the two clinics, but tabled such a motion last week for a final decision to

Venice Traffic Arrest

Donald Agers, 1232 Oriole street, Venice, was charged Monday afternoon with passing a stop sign at Seventh street and Lincoln avenue. He was released to appear March 30.

He made April 9 at a board meeting in Granite City.

He said the clinics are expected, through United Fund assistance, to be self-supporting and that it is believed the clinic serving the Quad-Cities could be operated independently.

Five Madison Alarms

Madison firemen answered four alarms yesterday at the Fox Brothers Metal Co. west of State street, where iron oxide being produced by grinding metal shavings had set fire to wooden window and ventilation frames at 9 a.m., 10 a.m., 1:10 p.m. and 4:25 p.m. No damage was listed. A grass fire was put out Tuesday afternoon in the yard of the York home, 1725 Fifth street.

Requests For Teachers Flooding Offices At SIU

Recruiting of 1964 Southern Illinois University degree candidates for teaching positions is in full swing with nearly 1400 student interviews already accomplished, according to Heral C. Largent, assistant director of the SIU Placement Service, Carbondale.

From January through March, 88 school systems, colleges and universities sent representatives to the placement service to hold personal interviews with students who will graduate in June with bachelor's, master's or doctoral degrees.

Approximately a third of these came from other states, Largent said.

But there are a drop in the bucket to the 1200 other schools, colleges and universities requesting interviews.

Dallas Reports New Business To Council

Under the call for new business before the Granite City council Monday night, First Ward Alderman William Dallas reported, "I've got new business. I'm now in the confectionery business."

Dallas' seat on the city council had been challenged last year by several other aldermen who pointed to the city ordinance which forbids an alderman to be connected in any way with the liquor business. His wife had held a city liquor license for a tavern on Omaha street.

The alderman was instructed in January to either change the business or resign from the council.

7 Sewer Reports Show Investment Of Surplus

Financial reports for the seven separate accounts for the Namooki sanitary sewer system presented to the city council Monday night, show surplus funds invested in interest-bearing accounts and securities.

Controlled Joint Doherty said that on Feb. 29 a total of \$379,658 from the seven accounts was invested.

A breakdown of the accounts, showing total receipts, disbursements and Feb. 29 balances, with investments indicated follows:

Original construction project — \$1,420,116, \$1,403,310 and \$16,806 with \$14,886 invested in government bonds.
Area Two construction — \$404,357, \$392,824 and \$11,533 with \$10,292 in a certificate of deposit.
Special sewer construction — \$97,057, \$84,909 and \$12,148.
Sewer extension — \$167,572, \$108,716 and \$58,855 with \$46,000 in certificates of deposit and \$5237 in government bonds.
Namooki area sewerage fund — \$250,022, \$615,848 and \$204,174, of which \$123,460 is in U. S. Treasury bonds and \$20,000 in a certificate of deposit.
Area Two sewerage fund — \$150,834, \$319,902 and \$73,722 of which \$40,000 is in certificates of deposit, and \$25,251 is in U. S. Treasury bonds.
Namooki area sewers reserve — \$99,787, none and \$99,787 of which \$94,300 is in certificates of deposit.

Campuses Of SIU, SWIU On Year-Around Schedules

Full-scale operation for the 1964 summer session, June 15-Aug. 29, will place Southern Illinois University—both the Carbondale and Quad-Cities-Edwardsville campuses—on a year-around schedule, according to Robert A. McGrath, registrar for the Carbondale campus.

"This move will enable us to handle greater number of young people," McGrath said. "Students will be able to accelerate their degree programs and the University will be able to make more efficient use of its physical plant."

Summer 1964 will mark the final step in SIU's transition to four full-quarters, started two years ago when freshman-level courses ran 12 weeks and continued last summer with the addition of sophomore-level courses on the 12-week basis.

Starting this summer, all freshman, sophomore and junior level courses will run for a full quarter, and most senior and graduate courses will also follow this pattern, McGrath said.

"To accommodate public school teachers who are unable to attend 12 weeks, however, many of the graduate credit courses in professional education will be continued as eight-week offerings, June 15-Aug. 7," he said. In addition, an array of short courses, institutes and workshops running for shorter periods will be available in specialized fields.

Advance registration has been scheduled for April 8-May 29.

Detective To Convention
Authorization was given Monday night for Detective Ronald Velzer to attend a two-day convention in Chicago of the International Association for Identification, Illinois Division, on Friday and Saturday. He was given \$100 for expenses.

East Side Levee Officials To Meet

The East Side Levee & Sanitary District will meet Tuesday in East St. Louis with Corps of Engineers officials to discuss problems of mutual interest in connection with levee maintenance, according to Col. James B. Menor Jr., district engineer, U.S. Army Engineer District, St. Louis.

Col. Menor said the annual inspection of levee systems and succeeding meetings with levee commissioners are a necessity to assure that the levees are properly maintained and capable of withstanding the usual spring high waters.

He explained levee districts are rated for the quality and effectiveness of their maintenance.

Palm Sunday and Maundy Thursday Services

CENTRAL CHRISTIAN CHURCH
On Palm Sunday, March 22, there will be the usual church school at 9:30 a.m. At 10:40 a.m. the worship hour, the Chancel Choir will sing "On The Way To Jerusalem" by J. H. Maunders. The prelude will be "Crown Him With Many Crowns" by Lee Rogers. Mrs. Joe Billeby Jr. will direct the choir and Mrs. Paul Davidson will be at the organ.
The pastor, Rev. James R. Craddock, will have as his sermon topic, "The Kingdom: Through Christ Our Lord." This day has been designated as a special membership Sunday and in response to the invitation a youth class, along with others, will be received into the fellowship of the church. The Communion of the Lord's Supper, a regular part of weekly worship, will be observed.
At 7:30 p.m. Palm Sunday a program-length film "Miracle of Love" will be shown.
Drama, music and message will be combined to prepare the worshippers for Holy Communion at the traditional Maundy Thursday Upper Room observance of the Lord's Supper. The 7:30 worship hour will begin with a dramatization of the Passover. The prelude will be "Come, Sweet Response" by J. S. Bach. The Chancel Choir will sing "Christ, Our Passover" by MacFarlane and following meditation by the minister the congregation will receive communion.

ST. BARTHOLOMEW'S EPISCOPAL CHURCH
The schedule of service at St. Bartholomew's Episcopal Church will begin with the first worship service at 8:30 a.m. and the Chancel Choir singing "Lift Up Your Heads" by Moller. Dr. David B. Maxton, will be "He Beheld The City." The music is to be directed by Mrs. John McCabe Moore with organ accompaniment by Kenneth MacClatchey.
On Maundy Thursday, First Presbyterian will have a candle-light Holy Communion service at 7:30 p.m. at which time the Sanctuary Choir will sing "Into The Woods My Master Went" by Rowley. The Communion will be "The Last Supper."
First Presbyterian Church, as has been the custom for many years, is inviting the members of all service clubs to the annual luncheon at noon on Maundy Thursday. It will be preceded by a worship service in the Sanctuary from 12:10 to 12:35. Any clergyman in any service club is invited to sit in the Clergy group during the worship service.

HOPE LUTHERAN CHURCH
Holy Week services will begin at Hope Lutheran Church with a Maundy Thursday service of Holy Communion at 7:30 p.m. The vesper service will be delivered by Pastor Alfred Bui based on Exodus 12:1-13, "The Passover."
A special Good Friday service commemorating Christ's death will be held Friday evening, March 27, at 7:30. The choir will take part in this service which will include the Seven Last Words of Christ On The Cross.

ST. JOHN LUTHERAN CHURCH
Confirmation of the Christian faith of 17 members of this year's confirmation class at St. John Lutheran Church will take place on Palm Sunday at 10:40 a.m. The event will climax a two-year period of weekly instruction (fall, winter and spring) in the teachings of God's Holy Word.
Members of the class are Sharon Azari, Phyllis Boda, Alan Bogovich, Terri Cell, Michael Clemens, Vera Corley, Gary Epps, Richard Ezell, James Gilmore, Larry Gilmore, Stephen Nizinski, Thomas Page Jr., Beverly Farnley, Wendy Richards, Richard Rose, Linda Whistler and Melanie Wolf.
During the course of the service Palm Sunday all communicant members of the congregation will be re-confirmed and the worship service will feature Loyalty Sunday.
Maundy Thursday will be observed at the church with a memorial celebration of the Lord's Supper at 7:30 p.m. Communion for the first time with the congregation will be members of this year's junior confirmation class robed in white. Mrs. Mary Cell will be the organ accompanist at all Holy Week services. The pastor, Rev. Samuel Boda, will deliver the Communion message and will administer the Sacrament.

ST. MARY'S CATHOLIC CHURCH
The Holy Week program at St. Mary's Catholic Church in Madison will begin with Confessions for Croation speaking people at 7 p.m. Tuesday, March 24. Wednesday, March 25, confessions from 3:30 p.m. and from 7:30-9 p.m. The evening Mass will be at 6 p.m.
Holy Thursday will be observed with a Low Mass and Holy Communion at 6 a.m. Confessions 3-5 p.m.; a Low Mass and Holy Communion at 7:30 p.m. Hours of Adoration will be held for entire families according to alphabet. A to G 9 p.m. to 10 p.m.; H to R 10 p.m. to 11 p.m.; and S to Z 11 p.m. to 12 p.m.
Rev. Engelbert Bienenk is church pastor and Rev. Sylvester Meeck O.F.M. is assistant pastor.

FIRST CHURCH OF GOD
Palm Sunday will be observed at the church with an ordinance service, observing the Communion first and then men and women will hold a separate foot-washing service, combining later in a brief closing service. This service will begin at 7 p.m. and those interested in witnessing the service are invited as observers. All Christians are invited by the pastor, Rev. G. Lewis Kujawski, to participate.

THE GOSPEL MISSION
The resurrected Christ is the theme of the Easter program which will begin with a Communion service Maundy Thursday evening with the Rev. Howard C. Stein, pastor of Grace Mission, officiating. His message will be on "The Significance of Communion." Other services will be held later in the week.
Mrs. Bethel J. Davis is superintendent of the Mission.

NAMEOKI PRESBYTERIAN CHURCH
The Sacrament of Holy Communion will be observed at Nameoki Presbyterian Church Maundy Thursday at 7:30 p.m. New members will be received into the church and there will be confirmation of Communicant Class members. Rev. W. Sherman Wilson is pastor of the church.

NIEDRINGHAUS MEMORIAL METHODIST CHURCH
The morning worship services at Niedringhaus Memorial Methodist Church Palm Sunday will be held at 8:30 and 10:40. The Youth Choir will sing at the early service under the direction of Warren Simpkins. At the 10:40 service the anthem will be sung by the Chancel Choir and there will be a solo by Mr. Simpkins. At both services delivered by the minister, Rev. R. Paul Sims, the theme will be "Hosannas Wet With Tears." A special feature of the services Palm Sunday will be the reception of new members into the church fellowship.
At the evening worship hour a cantata will be presented by the combined Youth and Chancel Choirs directed by Mr. Simpkins. This cantata, "On The Passion of Christ," by David Williams will contain the Scriptural story of the trial and crucifixion of Christ. The minister will speak briefly on the theme "God Was There."
Soloists will be Miss Diane Jo Thuis, Robert Lorenz and Dr. Earl Miller. Mrs. Russell West will be accompanist.
The minister will speak at the evening, Monday through Thursday at 7:30 p.m. The minister will deliver a series of sermons.

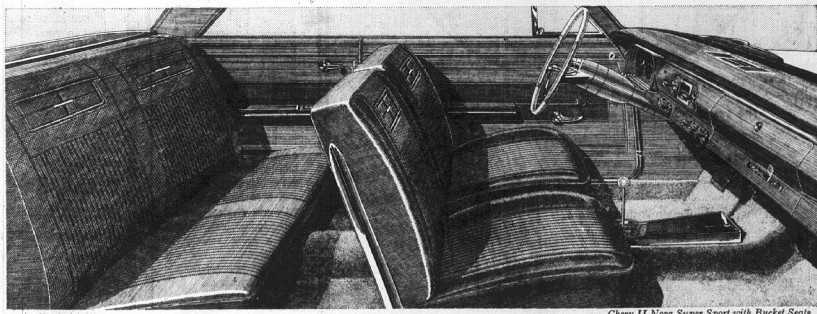

DEWEY AVENUE METHODIST CHURCH
Palm Sunday will be observed at the church when the Junior Choirs, directed by Mrs. Walter Harrison, will sing "Hosanna" and "All Glory, Laud and Honor" during the morning service. The sermon will be by the pastor, Rev. Raymond Switzer.
Wednesday evening there will be a covered dish meal at 6:30 p.m. at the church, followed by a film strip concerning Easter. The Junior and Youth Choirs will deliver a series of sermons.

OUT OF THE SHADOWS... and into the light. New hope for the millions of mentally retarded children and adults of our country. Today, mental retardation affects 3% of our population... but they can be helped. Advances in pre-natal care, post-birth treatment and rehabilitation are being used in the battle against this mental cripple of children. Through continued research, the future holds promise for marginal independence for 25 out of every 30 mentally retarded children and young adults. A frightening affliction, yes... but mental retardation is coming out of the shadows!

'64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see how quickly it gives slow-moving trucks the run-around. With its new extra-cost V8 all you ever have to do is give the accelerator an inch, and this Chevy II Super Sport Coupe will take a mile.
And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior will tell you that. Those inviting bucket seats are made of ultra-soft foam cushioning. The door-to-door carpeting is so thick you can feel it through your shoes. There's your choice of either the floor-mounted Powerdrive or Four-Speed Synchro-Mesh transmission.
Both are optional at extra cost, along with a Positraction rear axle, simulated wire wheel covers, AM-FM radio and a host of other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. Its unitized well-insulated body by Fisher shuts vibrations out and keeps road noise down to a whisper.
With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

Driver Manual Revised, Copies Are Available

Publication of a completely revised edition of the state's driver manual, with sections on expressways and expressway driving, was announced this week by Charles F. Carpenter, secretary of state.

Carpenter said that changes in state law, enacted by the 1963 session of the general assembly governing the movement of traffic and required equipment have been incorporated into the text so that the booklet is an accurate presentation of current regulations and the penalties for violations. Copies may be obtained at the state driving examining station, 2323 Washington avenue.

Paint Bids Sought By Madison School Board For Summer

The Madison school district will issue a call for painting bids tomorrow to be opened at a special meeting of the school board at 7:30 p.m. April 7. It was decided at a meeting Tuesday night.

Painting was given preference in the district's summer improvement program and includes Dunbar school and annex, Madison junior high school, Louis Beer school and perhaps interior decoration of the high school.

Separate bids will be sought for individual painting jobs to specifications. Wessel Brown, superintendent, wants the work to be done within six weeks during the summer.

The cost will determine the extent of other improvements in the summer program, as the school district will have about \$60,000 to spend. Other work being planned includes grading, blacktopping and fencing of the Dunbar school yard and heating at the Junior high school.

The board approved a request from William Ledbetter, band director, for a high school band trip to Elkhart, Ind., and Notre

Spring sports are planned at the two Venice high schools, but the coaches say schedules have not yet been completed.

Bill Ohlendorf of the Venice public school said the Red Devils will compete in three or four track meets. The only date on the schedule so far is April 25, when the Madison-Clinton-Macoupin Conference meet will be held at Staunton.

Stan Lynch's Lincoln Rams will field a baseball team, but their slate of games has not yet been formulated.

Kirth, a second degree Black Belt, is an instructor in the YMCA's self-defense classes held every other Wednesday at the Y. The first session was held last night, and the next will be at 8 p.m. April 1. The classes are designed primarily for women but are open to everyone.

Paul Lapinski Posted Top Wrestling Mark

Paul Lapinski, 100-pounder, who scored Granite City high school's only point in this season's state wrestling meet, posted the best record on the 1963-64 squad, according to statistics released today by Coach Bill "Red" Schmitt.

Lapinski, a senior, had a record of 25 wins, three losses and one draw. The previous season, competing at 95 pounds, he had a 25-5-0 record.

He also scored the most team points (101), had the longest winning streak (17) and won the most championships (3), taking first place in the Carl Sandburg quadrangular, district tourney and sectional tourney.

13 Pins By Heavyweight
Heavyweight John Evenden had a 20-0-0 record and registered the most falls (13). The quickest fall was 27 seconds by Steve Cavanaugh.

In dual meets, the Warriors this year had a 16-1 record and won the Southwestern Conference title with an 8-0 record. They also extended their winning streak against Missouri and downstate schools to 128.

The Warriors finished second in their own holiday tourney won the Carl Sandburg quadrangular district championship and their 11th consecutive sectional title.

Win 218 Bout
The individual team record was 218 victories, 113 losses and 11 draws for 862 total points. The squad set a new high for losses, passing the previous high of 97 set in 1963.

The squad defeated Moberly.

the 1964 Missouri state champion, but lost the only dual meet to Waukegan, the 1964 Illinois state titlist.

Seniors on the squad were Lapinski, Danny King, Mike Nichols, Kerry Cavanaugh, Ed Boyles and Pat Kincaid. The individual records:

Ford Johnson Gets First Hole-In-One

Ford Johnson, Granite City Eighth Ward alderman, has the Quad-Cities' first hole-in-one of the spring golfing season.

Johnson got the ace early this week on the 120-yard seventh hole at the Clover Leaf course, Alton, despite a brisk crosswind. He ended with a 10-over-par 80. He shot 38 on the front nine and 41 on the back nine, both par 35s.

Clover Leaf officials said Johnson's was the first hole-in-one on the course this season.

National Trainer To Visit Local Girl Scout Council

A busy week lies ahead for board members of the River Bluffs Girl Scout Council. It was announced today by Mrs. George P. Eubanks, Granite City, president.

Mrs. Harold Achor of Anderson, Ind., one of a corps of National Girl Scout board trainers, will arrive in the council to make plans for conference-type training of the entire board of the council.

The first meeting of the nominating committee on March 31 and April 1, Mrs. Achor will meet with Mrs. Eubanks, Miss Veta Funderburk, executive director of the council, and Miss Shirley Hutchinson, council adviser of Chicago, for the purpose of outlining the training and sporting areas of emphasis.

The first meeting of the new board of the council will also occur this week, Mrs. Eubanks continued. Elections were held in the latter part of February and newly-elected board members were seated for the first time on Wednesday.

The latter part of the week will see the intensive training of members of Personnel Services and Nominating Committees under the direction of Miss Hutchinson, national staff member assigned to River Bluffs out of the National branch office of Region VII, Girl Scouts of the USA, located in Chicago.

Mrs. Eubanks noted that this concentration of training effort this spring augurs for a year of achievement in the River Bluffs council. "We are just proud to know," Mrs. Eubanks concluded, "that the River Bluffs Girl Scout Council has contributed a member to the national corps of board trainers. Our first is a trained member of this select group. Mrs. Achor completed her first training session for the board members of the Land of Lincoln Girl Scout Council in Springfield in January 1964."

Republican Candidates Expected Tonight

Over 200 persons are expected tonight at the Granite City Republican Women's club's annual "candidates night," according to Mrs. Helen McNally, president.

Mrs. McNally said many state-wide Republican candidates have responded to an invitation to attend the affair which will begin at 7:30 p.m. at the YMCA.

She said the meeting, which is open to the public, will give everyone a chance to meet the candidates in an informal manner.

Candidates expected to attend and offices they are seeking are: Maurice Coburn, state auditor; William D. Stiehl, attorney general; John Graham and Warren Wood, both candidates for lieutenant governor; Mrs. Phyllis Schlafly, Rola, Missouri, and Dr. E. L. Rauth, all candidates for delegates to the national convention; and James W. McRoberts, state central committeeman for the 24th district.

Sen. Douglas Issues Financial Statement

A nine-page statement on the income and ownership of U. S. Sen. and Mrs. Paul H. Douglas has been issued by the Illinois Democrat who says he has "long believed that elected public officials should periodically publish the amount and sources of their income."

Sen. Douglas' statement indicates he favors full disclosure of public officials' financial matters and says he believes public opinion is heading in this direction.

He emphasizes, however, he does not want to appear "unduly self-righteous" or cast "an implicit reflection upon honest colleagues."

Douglas says his total income for 1963 was \$31,088. Included is a net salary income of \$17,612 and \$6750 (less travel expenses) for lectures, articles and book royalties. He lists his 1962 income at \$34,686.

The senator estimates his average yearly outlay for the necessary expenses of a public official is at least \$10,000 a year. "If we add the average political expenses, the income tax of \$3300 on the base salary, and the \$1887 for the 7 1/2% contribution to the annuity fund," he says, "I have left a take-home pay for the year of approximately \$7000."

He says he supplements his income with lectures which net him between \$6500 and \$10,000 per year.

City Maintenance Man Job Created By Council

An ordinance setting up the job of city maintenance man, a position that has been functioning for the past several years, was given official approval Monday night by Granite City council members.

The job has been handled by Delbert Lampher, who continues on it with a salary set at \$516 a month. The post was discontinued during a council meeting in February when it was brought out that the job never had been created.

The ordinance specifies the city maintenance man is to inspect and maintain sewer lift stations, lighting in city buildings, equipment in the city police department and fire department, look after the city garbage, dog pound, fire stations and shooting range and repair broken furniture and furnishings.

It adds that the job is to be fulltime and will be paid the same scale as street department laborers.

and his wife, Douglas estimates is \$183,000 excluding the value of furniture, a book collection and several works of art.

Douglas also points out he spends 50 to 70 days in the state when the Senate is not in session and has answered 55% of the roll calls in his 15 years in the Senate.

Three Fires In Venice

Venice firemen extinguished weed fires at 4 p.m. Monday near Graniteville street and the railroad tracks and four hours

Court Rules For State Over GC Steel On Tax

(Special from Springfield)
The Illinois Supreme Court
granted Wednesday that Granite
City Steel Co. is liable for
\$128,963 state use tax for coal
and coke used at its blast fur-
nace plant for the manufacture
of pig iron.
The opinion was prepared by
Justice Walter Schaefer, and in-
volves the sum of \$128,963
which the state revenue depart-
ment is seeking to collect from
the firm. The total represents
the amount of use tax and pen-
alties.
The steel firm, in its appeal,
sought to have the court declare
that under the Illinois Use Tax
law, no portion of any property
can be considered "used" in this
state if some portion of it is
resold.

General Fund Balance Low—Surplus Money In Specials

Two months remain in the current fiscal year for the city of Granite City which showed a \$16,670 balance in the 16-account general fund on Feb. 29 on the monthly financial report presented to the city council Monday night.

While 10 of the general fund accounts showed deficits, the city has in its special accounts the balances of \$415,480 in sales tax, \$73,178 in the parking meter account and \$133,968 in a working cash fund.

Also, the city is receiving a final tax settlement for 1962 collections last year from the county and in the near future it is hoped a settlement will be reached in protested tax funds.

General Fund Breakdown. A breakdown of the general fund accounts, showing 10-month total disbursements and Feb. 29 balances or deficits follows:

Fire department, \$220,675 and a \$7152 deficit; water, \$14,662 and \$2913; street department, \$203,106 and a \$36,208 deficit; street lighting, \$17,213 and \$2106; pumping station, \$132 and \$3730; general government, \$82,173 and a \$4029 deficit; city hall, \$20,815 and a \$1093 deficit; police department, \$205,107 and a \$2230 deficit; inspection department, \$23,183 and \$1902; election, \$54 and a \$149 deficit; sanitation department, \$126,667 and a \$24,948 deficit; interest and judgment, \$23,289 and an \$8809 deficit; dog catching, \$11,891 and a \$1535 deficit; contingent, \$10,024 and \$2304; tax commissions, \$17,851 and \$853; 160 and city planning, \$3637 and a \$3289 deficit.

Special Accounts. Under the special accounts, three showed deficits on Feb. 29. A similar breakdown follows:

Municipal retirement, \$24,307 and \$15,909; working cash, none

First Essential Step—Complete Tax Records

The first essential step to tax savings is complete tax records, according to Jay G. Philpott, district director of Internal Revenue.

Philpott said, in many cases, the simpler, the better. He stated that one of the easier ways to set up a bookkeeping system is to get a supply of envelopes or folders and label them according to the types of income and deductions one has.

He added that the taxpayer should accumulate the information as he goes along which will make preparing the tax return much easier, and he emphasized that record should not be mailed with the return, because if the return is selected for audit the taxpayer will need them to back up the items on the return.

TOTAL PERFORMANCE! Ford returned to open competition in 1962 to demonstrate how much its cars have changed and gives the all-round performance built into every Ford.

TOTAL PERFORMANCE! In races and rallies, from Riverside to Monte Carlo, Ford took all the honors and chalked up an unprecedented string of victories.

TOTAL PERFORMANCE! Experience gained in open competition helped Ford engineers add extra refinements to ride, handling, acceleration, braking and durability.

You win now...during your Ford Dealer's WINNER'S STREAK HARDTOP SALE!!!

Ford wins the trophies... you win a better car
Ford competes in races to prove and improve quality... and to build you a better car. And Ford is a better car. For example:
Stronger. Ford has 69 pounds more steel in the frame and 63 pounds more in the suspension than America's other best selling car.
Smoother. Ford's compliance-link suspension combines with Ford's extra weight to give a smooth ride you can't beat in any other American car today.
Safer. Ford surrounds you with husky box-section sidersails. Ford gives you a deep-dish steering wheel, double-yoke doorlatches, full-wrap-around bumpers and bigger brakes than America's other best selling car.
